Important Issues:

Radio or Television Interference, Noise, Health and Safety, Visual / Aesthetic Resources, Proximity to Residences

Property Uses:

Residential

Comment:

I live in Colorado City within the area proposed by your Map #10 and would find it very displeasing to have a high voltage line in such close proximity to a very nice area of our community. It would also detract from the natural beauty of the area and would more than likely interfere with the wildlife that are such an important part of our neighborhood
